

BSC 307 Project Assignment

One of the best ways to allow students to express what they have learned is by incorporating authentic assessments into your assessment strategy plan. The purpose of this assignment is to give you the opportunity to design both a project and a rubric to evaluate the students' products.

Assignment Criteria:

Please post the following in the 307 WIKI...

1. The student handout that will be given to the students to describe the authentic assessment and your expectations of them.
2. The objectives the assessment is designed to evaluate (these can be included on the student handout if so desired).
3. The rubric that will be used to evaluate the students' performances.
4. A list of resources used in developing this assessment (cited in APA style, of course).

Presentation:

You will present your project to the class on April 25, 2012.

OR

Which one will you be?
